THE BEST GOOD SHOE

INVICTUS

Perfect Foot-ease

Invictus Cushion Insole Shoes

If ordinary shoes have convinced you that there is no such thing as perfect foot-ease, just try on a pair of Invictus Cushion Insole Shoes.

Made to meet your particular need—easy as a house shoe—positive assurance against foot torture.

Invictus Cushion Insoles Are Scientifically Made.

The soft cushion of pure Merino Laine Wool, doubly cushioned with a layer of springs and covered with a thin insole of soft glove-like leather—made so as to eliminate the possibility of cracking or tipping at the edges—is without doubt the most restful and comforting shoe device yet invented.

Why not save discomfort by purchasing a pair of Invictus Cushion Insole Shoes now? Come in and try on a pair.

Why a Forward Movement?

During the war, all theological colleges were practically empty. Many men who had started to study for the ministry or the mission field will never return.

There are not enough ministers now to serve the normal needs of Canada, particularly in the Home Mission field.

The need of church extension on the prairies and in the crowded cities is greater than it ever was. Also the tide of immigration is rising again. Men and money are urgently needed to undertake the work.

For the same reason the Foreign Mission field is under-staffed. There is instant need of missionary clergy, doctors and nurses, and of money for new buildings. The rise in the cost of living and the state of foreign exchange make it necessary to increase the salaries of all mission workers. Moreover, in the Orient, there was an extraordinary opportunity. All peoples are eager to hear the Gospel and to receive western teaching.

Fathers---Sons

Come to the big Fathers' and Sons' banquet in the opera house, Friday evening at 6:30 p.m.

Dean Howe, of the faculty of agriculture, University of Alberta, Edmonton, will give an address; one of the most humorous speakers in Alberta, yet who has the faculty of making a bull's-eye hit in developing the point desired, emphasized.

There will be a rousing period of old familiar chorus songs by the entire gathering as well as other unique specialties in the way of entertainment.

The leaders of the Women's Institute, who have had charge of the "cats" section of the program, are more than pleased with the loyal support already accorded by all the mothers of the district, another good omen that when the auspicious moment arrives, you can all be assured that that part of the evening's enjoyment will be second to none.

Of course a woman has faith in prayer. But after she says her prayers, she looks under the bed to make sure.

Didsbury Curling Club.

Great activity prevalent at the Curling Rink these nights, the reason being that the local stone twirlers have got away to a flying start with their annual Bonspiel, and as all twelve rinks are out to carry off the handsome trophy which is being donated by the Club for the champion rink of the season. The competition is very keen and some very close, hard fought games are the result. Four competitors have been drawn up, the President's, Merchant's, Rosbud and Professional, for which a large list of prizes have been donated by the business men of the town. The winners of these competitions will play off in the grand final for the club trophy, and with twelve rinks going strong on a double schedule each night, for the next two weeks, any of our lady friends looking for their hobbies can make a safe bet that they will find them at the rink all wrapped up in the grand old game.

A particularly close contest on Friday night between skips Paton and Dr. Clarke, put these two already famous curlers and their husky twirling aggregations through their fastest paces, resulting in the close score of 9 to 8 in Paton's favor. This close game kept a crowd of spectators on their toes all the time, as it was any body's game till the last stone was thrown, when the two skips putting down some shots in the last end that drew a bunch of compliments from the spectators.

The Curling Club are deeply indebted to the business men of the town for the large list of valuable prizes which have been donated for the various competitions and which have been a big factor in creating the great interest and keen competition among the players. These prizes are on display in Mr. Studer's store window.

The results of the rink schedule which was terminated last week are published below, our genial brother twirler, Mr. J. Hugst, and his worthy following pinning the honors to their bonnets with a record of eight games won out of a total of ten played. Well done, Jake!

WHY YOU SHOULD BUILD ONLY FROM PLANS

Every building you put up this year and from now on should figure largely in your future.

Whether it be a new house or only a machine shed to will help you make money by saving it.

Just how much it will help depends on how well it fits into your needs now and later.

If you go ahead and build without any plan or any reference to future years and needs you are very likely to find that in a short time the building doesn't fit and you have to re-model, enlarge or build new.

WHATEVER YOU DECIDE TO BUILD GET A PLAN FOR IT, WE MAKE THEM FREE.

And just because it is a FREE service don't think that it isn't worth anything.

These plans are made to fit your ideas and your needs. They are made so that your buildings will be strong and durable and cost the least that they can be made to cost and be built right.

Just as soon as you decide to go ahead with any building see us at once for plans as well as material.

Mr. Fair had friends visiting him last week.

The "back woods" people are anxiously looking forward to the promised treat at Rugby community hall.

Mr. and Miss Campbell are returning to their home in Holland, Man. after a lengthy visit here. We hope to see them return again in the near future.

We see Mr. Joe Brown is walking around again. We trust he is better after his recent trip to Battleford.

Edmonton Spring Bull Sale

The rules governing the ninth annual auction sale and show of pure-bred bulls, conducted jointly by the Edmonton Exhibition Association and the Alberta Provincial Cattle Breeders' Association, have just come to hand. This event will be held on Tuesday, March 30th, commencing at 9:30 a.m. On the Monday previous the bulls be judged and any considered unworthy of the privileges of the sale will be rejected. Entries will be accepted for bulls only born after April 1st, 1915, and before June 1st, 1919.

As the Dominion Government anticipates a large number of bulls at this sale it is expected that buying will be brisk, and with this in mind Manager W.J. Stark states that the Committee of Management are prepared to accept a larger number of entries than has heretofore been the case.

This annual sale is held during the week of the Edmonton Spring Live Stock Show, March 29th to April 3rd, and the entries close March 1st.

Auction Sale of Horses

The Edmonton Exhibition Association and Alberta Provincial Horse Breeders' Association announce the condition of their third annual auction sale of purchased horses, to be held during the Edmonton Spring Live Stock Show, March 29th to April 3rd. The horse sale will take place on April 1st, and entries close on March 1st.

Manager Stark states that entry forms and regulations will be mailed to all writing for same. The catalogue of sale will be issued as soon as possible after the entries close, for distribution to prospective customers.
